

# DECO Class 0

Insulated Electrical Gloves – 1000V Rated

## ► Description:

Built for safety and comfort in medium-voltage environments, DECO Class 0 insulated electrical gloves provide reliable protection up to 1000 volts.

These 360mm (14") and 410mm (16") straight cuff gloves offer a balance of extended coverage and flexibility, making them ideal for electrical professionals who need mobility without compromising safety.

Deco Class 0 insulated electrical gloves meet EN 60903 and IEC 60903 standard. They're crafted from premium latex rubber for superior performance. Available in sizes 8 to 12.

Product Code	EO1000360, EO1000410
Standard	EN/IEC 60903
Thickness	1.00mm
Colour	Orange
Size	8-12
Length	360mm (14"), 410mm (16")
Cuff Style	Straight
Weight (g) / pair	Approx. 140 – 252 (depending on size and length)

## ► Benefits:

- ✓ **1000V Electrical Protection** – Class 0 rated for medium-voltage electrical tasks
- ✓ **IEC 60903 Certified** – Meets international standards for electrical safety
- ✓ **Premium Latex Rubber** – Flexible and comfort
- ✓ **High-Visibility Orange** – Enhances safety and visibility on the job
- ✓ **Straight Cuff Design** – Comfortable fit, ideal for use with leather protectors' gloves

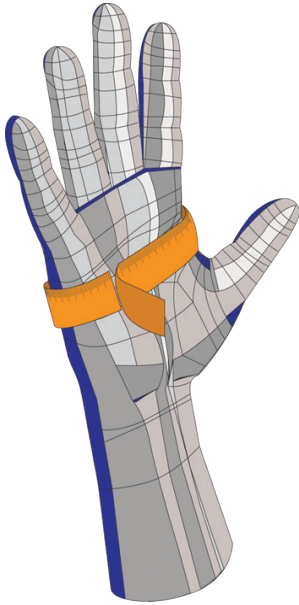

## ► Recommended use:

- ✓ Low-voltage electrical maintenance and repair
- ✓ Industrial and infrastructure electrical servicing
- ✓ Utility and energy sector maintenance

# DECO Class 0

*Insulated Electrical Gloves – 1000V Rated*

## Advantage

Each glove is marked with an electrical testing date along with a serial number which is unique to each individual piece. This allows us to trace the gloves to their production batches and to quickly address any quality issue that arise.

Sizes	8	9	10	11	12
Palm Circumference Measurements	203mm	229mm	254mm	279mm	305mm

**Tolerance:**  $\pm 13\text{mm}$

## ► Which Gloves Size Is Right For Me?

DECO recommends the 'Palm Measurement' where you measure the circumference around the palm to determine the size of the glove. This would equate to the probable size of glove to select. Personal preference for tightness and finger length will ultimately determine the glove size that is deemed most comfortable. Allow for addition room if glove liners to be worn.
