

GFPR114

AGT Thermal

WET REPEL

DESIGNED
TO PROTECT

FORCE
360

Features

- ▲ Nylon spandex liner enhances user flexibility and comfort
- ▲ Force360's AGT Wet coating combines industry leading wet, dry and oil grip with a three quarter water resistant coating to ensure the hands stay dry
- ▲ 360° liquid barrier layer to keeps hands dry
- ▲ Breathable brushed terry lining is used to keep hands warm from extreme cold
- ▲ Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue
- ▲ UPF50+ offering maximum sun protection
- ▲ The Actifresh Sanitized treatment neutralizes odour creating bacteria ensuring the gloves are kept fresher for longer

Standards & Certification

EN388:2016

4242X

CERTIFIED PRODUCT

Australian Standard
AS/NZS 2161.2:2020
AS/NZS 2161.3:2020
Lic. BMP 719027

Force360 recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise.

Force360 source their entire range of Synthetic hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Force360 have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products.

All of Force360's hand protection is certified to the latest AS/NZS hand protection standards.

Specifications

Part No.	GFPR114
Liner	Nylon Spandex
Coating	AGT Wet

Packaging

1 6 72

Sizing & Fit

Available Sizes

●	GFPR114.S	Small
●	GFPR114.M	Medium
●	GFPR114.L	Large
●	GFPR114.XL	X Large
●	GFPR114.2XL	2X Large

Dexterity Level

Maximum Dexterity Level 5

Certified under AS/NZS 2161.2:2020

Key Technologies

Active Grip Technology - Wet

Force360's Active Grip Technology (AGT) is a proprietary glove coating formula that provides industry leading wet, dry and oil grip. A secondary water resistant 3/4 coating is added underneath the AGT to ensure hands stay dry, making them ideal in wet environments and applications.

Thermal Lined

Breathable brushed terry lining is used to keep hands warm from extreme cold.

Windshield

Windshield protection ensures the hand stays warm and no heat is lost through conduction in low temperature environments.

Actifresh

The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

Hand at Rest

Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue.

Reach Compliance

Required Safe pH Level

Certified under AS/NZS 2161.2020

AZO Dye and Irritant Chemical Free

Certified under AS/NZS 2161.2020

Sun Protection

UPF50+ Sun Protection

Pass under AS/NZS 4399 Sun Protective Clothing.

Tested by Australian Radiation Protection And Nuclear Safety Agency (ARPANSA).

Glove Care

Machine Wash <40°C

Cold Water Rinse

Dryer <60°C
